

Where Possibility Takes Flight

COMMUNITY ACTIVATION SERIES

90 Days of Programs, People, and Possibility

February–April 2026

Dragonfly Village is opening its doors to the community for a special **90-day Community Activation Series**—a season of connection, learning, creativity, and collaboration.

Over the next three months, we're inviting community members, organizations, and facilitators to use the property, bring programs to life, and help shape what Dragonfly Village becomes next.

What's Taking Shape

Throughout February, March, and April, you'll see:

- Community workshops and speaking events
- Wellness and workforce programming
- Open houses and pop-up gatherings
- Opportunities to explore space for future programs or tenancy

Some events will be free and open to the public. Others may be hosted by community partner organizations using the property during this activation period.

About Dragonfly Village

Dragonfly Village is a multi-tenant property operated by Chatfield Holding LLC, created to support community well-being and economic opportunity.

While Chatfield Holding operates the campus, our nonprofit partner, Future Plans, works alongside tenants and program partners as a connector—helping foster relationships, collaboration, and shared impact across Brown County and the surrounding region.

This Community Activation Series is designed to:

- Welcome the broader community into Dragonfly Village
- Highlight programs, services, and ideas that strengthen community well-being
- Create opportunities for connection, learning, and collaboration
- Explore how space can support future programs, partnerships, and shared use

Join Us

Whether you're curious about Dragonfly Village, interested in bringing a program to life, or exploring future space opportunities, we invite you to be part of this season.

Looking for Space to Operate, Teach, or Serve?

We are currently welcoming organizations and operators interested in leasing space at Dragonfly Village, including:

- Licensed childcare operators and potential owners
- Residential space for programs or operators serving individuals or families
- Offices and classrooms for workforce, wellness, or education-based programming
- Space for recurring classes, lessons, or community offerings (including recreational uses such as pickleball instruction)
- Select short-term or pilot uses aligned with community needs

Organizations operate independently while participating in a shared, mission-aligned environment. This Community Activation Series is a limited-time opportunity to explore space, pilot ideas, and shape future tenancy at Dragonfly Village.

Explore space, schedule a tour, or submit a Request for Information (RFI) to lease space:

Call: 937-500-7990
